

Welcoming you back safely to Andover town centre

We've been busy making your town centre safe and ready for you to return. It will probably look a little different when you next visit. You will see:

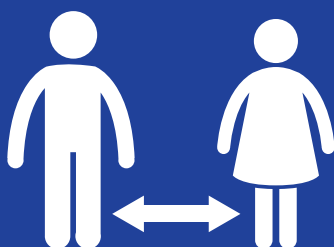

'Keep left' signage along lanes to and from the car parks

New one-way pedestrian areas where space is limited

Hand sanitiser dispensers at multiple locations

Signage to promote social distancing and hygiene measures

A new layout for the market to ensure people can maintain social distancing

Seating and children's rides out of use in the Chantry Centre

We want to make it safe for you to shop and visit your town centre, not difficult.

If there is anything you think we can do to improve your experience, please contact us on 01264 368000 or email info@testvalley.gov.uk
