

Welcoming you back safely to Romsey town centre

We've been busy making your town centre safe and ready for you to return. It will probably look a little different when you next visit. You will see:

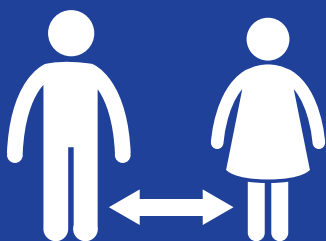

New one-way pedestrian areas where space is limited

Signage on The Hundred to warn drivers to slow down as there are likely to be pedestrians in the road

Screens in shops to protect staff and customers

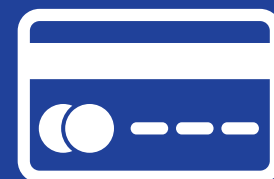

New social distancing signage

A change in opening hours for some stores

Queuing systems for shops

More contactless payment options

We want to make it safe for you to shop and visit your town centre, not difficult.

If there is anything you think we can do to improve your experience, please contact us on 01264 368000 or email info@testvalley.gov.uk
