In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued ‘Statement of responsibilities of auditors and audited bodies 2015-16’. It is available from the Chief Executive of each audited body and via the PSAA website (www.psaa.co.uk)

The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The ‘Terms of Appointment from 1 April 2015’ issued by PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and statute, and covers matters of practice and procedure which are of a recurring nature.

This Annual Audit Letter is prepared in the context of the Statement of responsibilities. It is addressed to the Members of the audited body, and is prepared for their sole use. We, as appointed auditor, take no responsibility to any third party.

Our Complaints Procedure – If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with your usual partner or director contact. If you prefer an alternative route, please contact Steve Varley, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

Purpose

Purpose

The Purpose of this Letter

The purpose of this annual audit letter is to communicate to Members and external stakeholders, including members of the public, the key issues arising from our work, which we consider should be brought to the attention of the Council.

We have already reported the detailed findings from our audit work in our 2015/16 Audit Results Report to the 29 September meeting of the General Purposes Committee, representing those charged with governance. We do not repeat those detailed findings in this letter. The matters reported here are the most significant for the Council.

Responsibilities

Responsibilities

Responsibilities of the Appointed Auditor

Our 2015/16 audit work has been undertaken in accordance with the Audit Plan that we issued on 29 February 2016 and is conducted in accordance with the National Audit Office's 2015 Code of Audit Practice, International Standards on Auditing (UK and Ireland), and other guidance issued by the National Audit Office.

As auditors we are responsible for:

- ▶ Expressing an opinion:
 - ▶ on the 2015/16 financial statements; and
 - ▶ on the consistency of other information published with the financial statements.
- ▶ Forming a conclusion on the arrangements the Council has to secure economy, efficiency and effectiveness in its use of resources.
- ▶ Reporting by exception:
 - ▶ if the annual governance statement is misleading or not consistent with our understanding of the Council;
 - ▶ any significant matters that are in the public interest;
 - ▶ any written recommendations to the Council, which should be copied to the Secretary of State; and
 - ▶ if we have discharged our duties and responsibilities as established by thy Local Audit and Accountability Act 2014 and Code of Audit Practice.

Alongside our work on the financial statements, we also review and report to the National Audit Office (NAO) on your Whole of Government Accounts return. The extent of our review and the nature of our report are specified by the NAO.

Responsibilities of the Council

The Council is responsible for preparing and publishing its statement of accounts accompanied by an Annual Governance Statement (AGS). In the AGS, the Council reports publicly each year on how far it complies with its own code of governance, including how it has monitored and evaluated the effectiveness of its governance arrangements in year, and any changes planned in the coming period.

The Council is also responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Key Issues

The Council's Statement of Accounts is an important tool for the Council to show how it has used public money and how it can demonstrate its financial management and financial health.

We audited the Council's Statement of Accounts in line with the National Audit Office's 2015 Code of Audit Practice, International Standards on Auditing (UK and Ireland), and other guidance issued by the National Audit Office. We issued an unqualified audit report on 30 September 2016.

Our detailed findings were included in our Audit Results Reports presented to the 29 September meeting of the General Purposes Committee. In our report, which we issued on 20 September 2016, we noted that there were some areas where our work was outstanding and was to be completed. We completed work in those areas and this enabled us to issue an unqualified audit report on the Council's financial statements. There were no matters arising from the completion of our work that needed to be reported to the General Purposes Committee.

The key issues identified as part of our audit were as follows:

Significant Risk	Conclusion
<p>Management override of controls</p> <p>A risk present on all audits is that management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly, and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.</p> <p>Auditing standards require us to respond to this risk by testing the appropriateness of journals, testing accounting estimates for possible management bias and obtaining an understanding of the business rationale for any significant unusual transactions.</p>	<p>We completed our testing in respect of the procedures set out in our Audit Plan and found no evidence of management override or bias as a result of our work.</p>

Value for Money

Value for Money

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- take informed decisions;
- deploy resources in a sustainable manner; and
- work with partners and other third parties.

We issued an unqualified value for money conclusion on 30 September 2016.

We identified a significant risk to the Council's ability to make informed decisions and deploy resources in a sustainable manner in respect of its plans to create a wholly owned subsidiary company to provide private sector rented housing.

We reviewed the arrangements the Council has put in place for the new housing company, with particular focus on the following aspects:

- ▶ The legal powers under which the company is created.
- ▶ The rationale for creation of the company and how this aligns with the Council's strategic aims and objectives.
- ▶ The initial funding for, and if applicable, provision of existing Council properties to, the company.
- ▶ The contracting and procurement implications of creating the company.
- ▶ The governance structures underpinning the company.
- ▶ The financial and accounting implications of the company.

We concluded that the Council has taken informed decisions to date in respect of the housing company. It has sought external legal advice, has called on the expertise of internal senior officers, and has allowed members to make informed decisions through detailed papers to Cabinet and Council. The Council has also used resources in a sustainable manner in respect of the housing company to date. The initial amounts set aside for the company appear reasonable, and all schemes put forward by the company will require full costings for approval. A clear purpose for the housing company has been established, and it has been linked to the Council's corporate plan and medium term financial strategy.

Clearly there will be a need for ongoing close management of the company as it develops, to ensure it remains aligned with the Council's priorities and continues to provide value for money.

Other Reporting
Issues

Other Reporting Issues

Whole of Government Accounts

The Council is below the specified audit threshold of £350 million. Therefore, we did not perform any audit procedures on the consolidation pack.

Annual Governance Statement

We are required to consider the completeness of disclosures in the Council's Annual Governance Statement, identify any inconsistencies with the other information of which we are aware from our work, and consider whether it is misleading.

We completed this work and did not identify any areas of concern.

Report in the Public Interest

We have a duty under the Local Audit and Accountability Act 2014 to consider whether, in the public interest, to report on any matter that comes to our attention in the course of the audit in order for it to be considered by the Council or brought to the attention of the public.

We did not identify any issues which required us to issue a report in the public interest.

Written Recommendations

We have a duty under the Local Audit and Accountability Act 2014 to designate any audit recommendation as one that requires the Council to consider it at a public meeting and to decide what action to take in response.

We did not identify any issues which required us to issue a written recommendation.

Objections Received

We did not receive any objections to the 2015/16 financial statements from members of the public.

Other Powers and Duties

We identified no issues during our audit that required us to use our additional powers under the Local Audit and Accountability Act 2014.

Independence

We communicated our assessment of independence in our Audit Results Report to the General Purposes Committee meeting on 29 September 2016. In our professional judgement the firm is independent and the objectivity of the audit engagement partner and audit staff has not been compromised within the meaning of regulatory and professional requirements.

Control Themes and Observations

As part of our work, we obtained an understanding of internal control sufficient to plan our audit and determine the nature, timing and extent of testing performed. Although our audit was not designed to express an opinion on the effectiveness of internal control, we are required to communicate to you significant deficiencies in internal control identified during our audit. We did not identify any significant deficiencies in the design or operation of an internal control that might result in a material misstatement in your financial statements of which you are not aware.

Area	Issue	Impact
Faster Close	From the 2017/18 financial year, the deadline for preparing the Council's financial statements will move to 31 May from 30 June. In addition, the deadline for completing the statutory audit will move to 31 July from 30 September.	<p>The faster closedown timetable requires the Council to adjust its timetable for preparing the accounts, as well as the budget setting process and the timing of committee meetings.</p> <p>It requires upfront planning to identify areas of the accounts that can be prepared earlier, before the 31 March, and there will be a need to establish robust basis for estimations across a wider number of entries in the financial statements.</p> <p>For the 2016/17 audit, we are working with officers to bring our work forward to support the transition ahead of the new deadlines in 2017/18.</p>
EU referendum	Following the majority vote to end the UK's membership of the European Union (EU) in the EU Referendum held on 23 June 2016 there is a heightened level of volatility in the financial markets and increased macroeconomic uncertainty in the UK. All three major rating agencies (S&P, Fitch and Moody's) took action on the UK Sovereign credit rating and, following the rating action on the UK Government. For entities in the public sector, there is likely to be an impact on investment property valuations if confidence in the wider UK property market falls; and the valuation of defined benefit pension obligations may also be affected. It is too early to estimate the quantum of any impact of these issues, but there is likely to be significant ongoing uncertainty for a number of months while the UK renegotiates its relationships with the EU and other nations.	<p>Many of the issues and challenges that face the UK public sector will continue to exist, not least because continued pressure on public finances will need responding to. Additionally it may well be that the challenges are increased if the expected economic impacts of the referendum and loss of EU grants outweigh the benefits of not having to contribute to the EU and require even more innovative solutions.</p> <p>We are committed to supporting our clients through this period, and help identify the opportunities that will also arise. We will engage with you on the concerns and questions you may have, provide our insight at key points along the path, and provide any papers and analysis of the impact of the referendum on the Government and Public Sector market.</p>
