5) For all applications

Please describe below why you consider that the extent of the neighbourhood area is appropriate.

The Parish Council considers that the designated area should include all the land within the Parish boundary. Land within the boundary cover a wide range of uses, including agricultural, residential. Industrial, commercial, and recreational. We believe that all landowners, occupiers and users should be consulted so that their interests are represented in the Neighbourhood Development Plan.

If there was any intention or desire to designate a smaller area, then there are no clear 'dividing lines' within the Parish which could logically be used to delineate such an area. The Parish Council has considered, in discussion with adjacent parishes, whether a designated area, including parts of other parishes, would be appropriate, but has concluded that there is no reason to consider this since it would add unnecessary complexity without offering any benefits.

Please attach a copy of the signed minutes of the Parish Council meeting(s) at which it was agreed that an application would be submitted and that whole/part of the Parish council area could be included in the Neighbourhood Area.

6) Declaration

I hereby apply to designate a Neighbourhood Area as described on this form and the accompanying plan.
