Part A – Contact Details and Future Notification

Please provide your personal contact details. This information is required to enable the Independent Examiner to contact you for further information if required during the examination of the Neighbourhood Plan.

Consultees can request to be notified once Test Valley Borough Council has decided to 'make' the West Dean and West Tytherley Neighbourhood Development Plan, following the Independent Examination and referendum. This decision is the final statutory stage in adopting a Neighbourhood Plan. Please indicate whether or not you wish to be notified.

Part B – Your representation(s)

If you are responding using this form, please use a separate Part B form for each different part of the Plan that you respond to (for example, one form per document or per policy).

Please use the table to set out which document and which part of that document your comments relate to. If your comment is on a specific element please set this out in the table. Your comments should then be written in the box – please state if you have included any attachments as part of your comments.

<p>Heritage Sites and Treasured assets B4</p> <p>The omission of Bentley Wood from the list of heritage sites in annexe B4 needs to be rectified and we would urge you to ensure that this happens. Bentley Wood should be accorded the highest possible status in the list of Heritage Sites and Treasured Assets (Appendix B4) within the plan given its nationally important status as an SSSI and as one of the largest ancient woodland complexes in lowland England.</p> <p>It appears to be missing from the list of such assets and this needs to be corrected. This appears to be an error given that Frenchmoor Copse does appear. Frenchmoor Copse is a detached woodland owned and managed by the Bentley Wood Trust. The wood is a key asset used for recreation and the enjoyment of nature for the people of the area and the mandate of the Trust is to ensure that it is managed to ensure access and enjoyment is sustained in perpetuity. The wood also provides employment for at least 3 full time equivalent posts, as well as supporting a very wide range of rare and declining wildlife species such as dormouse, many butterfly species and rare birds.</p> <p>EL7</p> <p>We would also suggest amending the wording of policy EL7 to state “woodland and any of its adjacent surrounding land”</p>
