

Test Valley Borough Council Next Local Plan - Refined Issues and Options Consultation

COMMENTS FORM

Test Valley Borough Council has published for public participation its Refined Issues and Options document. This is the second stage of preparing the next Local Plan, which follows the Issues and Options consultation in 2018.

You can respond to our consultation by filling out the form below. Further information can be found on our website at: www.testvalley.gov.uk/nextlocalplan

The consultation period runs from Friday 3 July 2020 to 4.30pm on 28 August 2020. Please respond before the close of the consultation period.

Once the form has been completed, please send to

If you are unable to send via email, please send a postal copy to our address below.

Personal Details and General Data Protection Regulation

Please note that representations cannot be treated as confidential. If you are responding as an individual, rather than as an organisation, we will not publish your contact details (email/postal address and telephone number) or signatures online, however the original representations will be available for public viewing at our offices by prior appointment. All representations and related documents will be held by the Council for a period of 6months after the next Local Plan is adopted.

The Council respects your privacy and is committed to protecting your personal data. Further details on the General Data Protection Regulation and Privacy Notices are available on our website

Part B: Your Comments

Please use the boxes below to state your comments and questions. Please make it clear which paragraph or question your comments relate to where possible.

Paragraph / Question Ref	Comments
	<p>My main concerns centre around the potential development of greenfield sites – particularly the development of agricultural land. We need to preserve our farmland in order to maintain our independent food production. Tied into this is the increasing amount of intensive farming which is having a devastating effect on local biodiversity – in particular insects and invertebrates.</p> <p>Increased population and development is also having a negative impact on our local rivers – all chalkstreams and all incredibly rare and delicate ecosystems. These are being over abstracted and polluted by household and agricultural chemicals; they are sites of international importance and should be better protected.</p>

Please use next page if necessary
