

# Free training courses help local business grow

We offer free, flexible training, nationally-recognised qualifications or a tailored programme needed in your workplace.

You get increased motivation, productivity and improved employee loyalty and retention.

- Visit [Sparsholt.ac.uk/employers](http://Sparsholt.ac.uk/employers) to see the courses we offer
- Get in touch to secure free support for your staff

The initiative is designed to assist small and medium sized businesses (SMEs) in growth and priority sectors including ICT and digital media, pharmaceuticals, aerospace and defence, animal care and professional business services, to name a few, helping to boost the wider, regional economy.

If you have employees under threat of redundancy, or who have been made redundant in the last six months, they could access information, advice, guidance and training to support future employment aspirations.

Sparsholt and Andover Colleges have been jointly selected with four other colleges to deliver three European Social Fund contracts for the Local Enterprise Partnership (LEP) Enterprise M3. The contracts will provide £1,750,000 of training to support the needs of local employers, their employees and those who have been made redundant living within the LEP local area along the M3 corridor – from South West Surrey through much of Hampshire to the New Forest.

For further information or to discuss your individual requirements, please contact one of our helpful advisers on **0845 850 0916**.

We will talk you through the processes and check your business is eligible for this valuable, free training.
