Deprivation

The English Index of Multiple Deprivation 2019 is designed to identify areas where communities lack resources and are in need. To do this, seven factors are considered, which are:

- income deprivation
- employment deprivation
- education, skills and training deprivation
- health deprivation and disability
- crime
- barriers to housing and services
- living environment deprivation.

Areas are scored on each of these factors and ranked nationally from least deprived to most deprived.

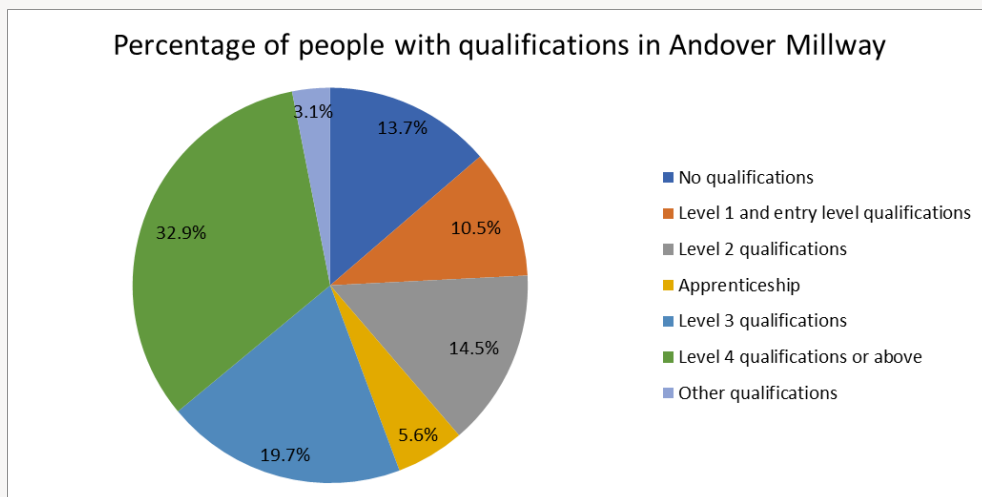

This map shows the deprivation scores for ward of Andover Millway against all areas in Test Valley. These are measured in Super Output Areas. The majority of Andover Millway falls within seven LSOAs. Of these seven, there are considerable differences regarding the indices of deprivation. Of 32,844 areas ranked across the country, areas of Andover Millway rank from 12,333rd to 32,241st, this puts the ward in both the **40% of most deprived** areas and the **10% of least deprived** areas in the country.

Despite the differences, there are some patterns, with the whole ward falling into the **60% most deprived** areas regarding **outdoors sub-domain** and **geographical barriers**. The majority of the ward falls into the **30% least deprived** areas regarding **income decile**, and **20% least deprived** areas for **health deprivation and disability**.
