

My name is Colin Barclay, and my address is [REDACTED]
[REDACTED]

I wish to submit my views as follows:

I was very surprised to learn that Upper Clatford is apparently included with Goodworth Clatford under Tier 3 of the settlement agreement already submitted; I live in Upper Clatford, where there is no shop, and a completely inadequate bus service and Goodwood Clatford is about 2 miles away - a clear case for Tier 4.

My house overlooks Pillhill Brook, which I understand to be a chalk stream; the very existence of this stream would be threatened if any further development involved an increase in sewage unless a completely new Wastewater Infrastructure was introduced BEFOREHAND to protect the local environment.
