### Q8

#### Comment 1:

Key Facilities should only be 2 for Grateley as we only have the school and Village Hall/Place of worship. The village shop is no longer open and the public house is now closed.

Comment 2 Document Reference:

Settlement Assement Outcomes :a high level includes a public transport service half hourly, hourly or includes a journey to and from key work locations

## Q10

#### Comment 2:

Since living in Grateley for the last two years I have only ever seen 2 buses on separate occasions out of 730 days. How can this be classed as a High level in the Settlement Hierarchy Topic and tables on the plan. The bus service runs ever two hours not hourly and for lots of villagers they would need to walk to the station from the village to get the hourly transport service that is run by the railway. This should come under medium level and I feel this is at a push as it is the only transport the village has otherwise you must drive to the local shop (Currently Budgens). If this was an elderly resident or someone who can not drive it is very challenging to get to a public transport link for any service.
