I would like to say that the proposed development at Velmore Farm is typical of the short sighted, narrow minded and just don't care attitude of Test Valley Councillors.

I have had dealings with Test Valley Counsel over the building of the massive warehouses backing onto Burnham Beeches and along Shannon Way. During that development they just didn't give a dam about what impact it would have on residents near to the area. They just ploughed on saying that such buildings were being screamed out for in the area. In point of fact the largest building took over a year to occupy and probably at a lower rent rate just to get it occupied.

The public need to know that they will be up against some of the most arrogant, out of touch, and unsympathetic people on the planet.

Believe me when I say to you that they do not care about the very serious flooding that will occur if permission was granted to build 1,070 houses. Furthermore they will not be bothered about the approximately 2000 + more cars that will hit the surrounding roads and I dread to think how residents will be able to get a Doctors appointment, I mean they can't cope now! Test Valley Council MUST think again and find an alternative site, Valley Park is bursting at the seams on all levels and it would be plain stupid to add Velmore Farm to the area.

Mr C.W. french
