To Whom it May Concern,
Re: Development of Velmore Farm
in Chandlers Ford.

Since 1985, when we moved to Chandlers Ford, there has been more than two thousand new homes built in Chandlers Ford, Knightwood and Highwood being the major developments. Both of these were built on 'green belt land', as was Hampshire Corporate Park.

Any further development will cause problems. Already the infrastructure is struggling to cope with the volume of traffic, flooding - particularly on School Lane & Templeway Way, shortage of school places, over-stretched

Surgerys and Dental Practises.

Any development on Velmore Farm would be the fourth in Chandler Ford, and although it was prior to 1985, North & South Millers Dale was also built on 'green sites'.

For the reasons stated above, we are opposed to any further developments in Chandler Ford, and strongly object to the building of homes on Velmore Farm.

We hope to be able to register these objections at the ballot box.

Yours faithfully, John E. Johnston
