Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I live very close to the proposed development and strongly object. The development will cause unnecessary pressure on local services, including doctors surgeries and dentists. Also the increase in traffic will be terrible on top of the already busy roads that regularly flood and cause long queues at peak times, this will only get worse.
