I would like to oppose the proposed Valley Park development near Templars Way. I understand there is a need for more housing however I do not believe this proposal considers pollution that is likely to be caused from many more cars using Templars Way. It does not seem as if the proposal has taken into account a need for extra resources in the area such as increased facilities or suitable access to the new estate.

I do not think it is a viable option and could cause a negative impact on local wellbeing, health, and the environmental.
