Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I object to the Draft Local Plan 2040, particularly on the following grounds:

- the loss of further green space in an area that is already approaching being one enormous housing estate
- the further strain put on local services, particularly health services such as GPs, dentists and hospitals
- the increase of road traffic with many hundreds, if not thousands, of cars and other vehicles adding to the congestion already seen on local roads
- the increased risk of flooding of roads and properties in Valley Park and locally in view of less opportunity for run-off
