Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

How can you allow a development here with one access road to the junction of School lane/ Templars way, this already is overloaded at peak hours, also There is severe flood risk ,caused according to Councils, by run off from Velmore farm Fields?. This development will not only have a detrimental effect to residents of Valley Park but to our Test Valley neighbours in North Baddesley, and our Neighbours in Eastleigh Borough Council area. 1000+ houses will result in 2000 extra vehicles, bearing in mind you also state some industrial building, all trying to enter an overloaded Templars way/ school Lane junction. Is it not time for Test Valley to enforce the use of an empty Brown field site. In my humble opinion southern test Valley, has seen far to much development over the past years and is now at breaking point, just look at Romsey Abbotswood, Ganger farm, Cuprenham Lane. When will you stop. This development will also take green belt land that at present maintains the strategic gap between Tesf Valley,Eastleigh and Southampton.
