I am against the redevelopment of Velmore Farm as the current infrastructure can barely cope with the traffic currently. The Roundabout at School Lane/Templers way is overwhelmed at both ends of the day , particularly bad in the mornings due to combination of school run and work congestion. Weather related issues also cause this particular area as the drainage system is shot to bits.

The heavy traffic at the end of the working day also causes queues both ways on Templers Way Leading too and from Asda roundabout sue to shear volume.

Schools are over subscribed all ready, in particular Secondary schools.

Finally, as part of the Valley Park development in the 1980's it is my understanding that this land was kept clear so that there was an definition between Chandlers Ford and Chillworth. Building there now will mean it just gets closer and closer and no doubt so will the prices. It is al ready incredibly difficult for young adults to afford to purchase houseing in Valley park, i do not believe that these 1040 homes will be "affordable" due to the affluent location that they are being placed.
