I am concerned about site of the proposed housing development for 110 houses south of the Romsey bypass. There is a quite separate proposal to demolish the Crossfield Hall and build a new community hall south of the bypass. It would be ideal if it were built on the site of the proposed development of 110 houses. It would be close to the centre of Romsey. Pedestrians would only have to cross the bypass to reach it. Access for vehicles would be off the bypass. There would be adequate parking.

Bruce Maddick
