Following various emails regarding draft local plans and settlement boundaries for Weyhill West, please see attached our formal request to change the village settlement boundary to reflect the plot boundary at "Bramley Lodge" (see attached documents). Given that Bramley Lodge sits on the edge of the settlement boundary, the current inset map 56 doesn't reflect our plot. The settlement boundary line has been drawn across the middle of our plot in line with the end of our neighbours garden.

Please could you acknowledge receipt of this correspondence and indicate when this request could be actioned.

If you require any further information, please do not hesitate to ask.

I look forward to hearing from you.

Best wishes,

Anouska Young

George,

Following your email below now that consultations have begun how do we ask for the settlement boundary in Weyhill West to be amended to follow our property boundary like all other properties within the settlement.

We cannot see anywhere to submit such requests.

Can we make an appointment to come and discuss with a member of the planning or policy team?

Looking forward to hearing from you.

Best wishes,

Dear Stuart,

Thank you very much for your recent query regarding the Local Plan settlement boundary of Weyhill West.

As part of the preparation of the new Test Valley Local plan we are reviewing settlement boundaries across the Borough.

The next stage of the Local Plan will be a consultation in the early new year, and I would advise that you respond to that consultation to raise any issues regarding the Weyhill West settlement boundary.

If you are happy to do so I can put your details on our consultation data base so you will be advised of the date for the consultation as soon as its confirmed.

Following consultation in the new year there will be a further stage of consultation on the Local Plan before it is submitted for Examination.

Therefore, your response to the consultation in the new year will be considered in preparation of the final draft Local Plan.

Let me know if you have any queries.

Kind regards

**George Whalley**
