Q7

Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

Apart from the fact that our infrastructure cannot support a development of this size, we would also lose the strategic gap between Valley Park and Chilworth.

The School Lane/Templars Way roundabout is already consistently flooded even though steps have been taken to try to improve the situation - this would be even worse.

There is only one proposed road into and out of the development onto an already extremely busy road.

The local doctors, dentists and schools would not be able to cope with the additional influx of residents.

Bournemouth Road and Hursley Road roundabout would be grid-locked, even more so than it is now.

Q8

Insert any specific comments in the general comments box below, indicating which paragraph, policy or matter your comments relate to where possible.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording.

I suggest that if Test Valley Borough Council wish to retain their voters, they think again.
