Dear Sir/Madam,

I have just read about proposals to build 1000+ houses's on Velmore Farm. This must not be given the go ahead.

Once farmland is built on it's gone for good, food is more important than housing we can not rely on importing food. The world is not a safe place at the moment.

Use up all brown field sites first.

The road infrastructure is not good enough to support this number of extra homes.

Southern Water have problems with sewerage outflow as it is this will just make the situation worse.

This will also take away the green space between Chilworth and North Baddesley.

Please have a rethink on these proposals.

Yours Sinsereely.

Richard Moxham
