Dear Mr Overton

Thank you for your email.

By copy of this email, I will forward your comment to our Planning Policy team who are responsible for Test Valley's Local Plan and who have a responsibility for the regeneration of the Andover Town Centre. They will respond to you in due course. For future reference, their direct email address is:

planningpolicy@testvalley.gov.uk.

Kind regards

Marie Carr

Senior Support Officer
Planning & Building Service
Test Valley Borough Council

Subject: Local Plan unto 1940

Caution: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

TVBC has wasted too much money on so called improvements and facilities, seating beside what was previously Wilko's a typical example of unnecessary waste of money. I accept the council has been given a grant for further so called improvemes but why is it necessary to destroy a perfectly adequate building such as the Lights just because we have been given finance? Why is it necessary to destroy the roof over the Chantry centre which gives relief to shoppers and "passers through" for the same reason?

OPur roads are poorly maintained and full of potholes which should be a greater priority along with updating the state of the buildings on the High Street, but instead without consultation you wish to destroy two of our better buildings.

We continue to build massive housing estates, and yes housing is in short supply, but there are no facilities being incorporated such as surgeries, schools, shops and playing fields for children and adults to enjoy.

You wish to approve plans for more buildings in villages where road access and blocked roads are already the norm. Soon there will be no green belt between villages nand Andover as the little bit of countryside remaining disappears.

You will claim that you have advertised the new plan but you will ignore the comments a few interested people make whilst the silent majority have given up because they don't believe you

listen, a comment I agree with.

Angry villager
