This is so wrong !!!!!
 You are not only taking away our green spaces you are having a detrimental impact on our wildlife. You have taken away so much of their habitat. Have you thought about all the animals/ insects that you are going to kill as you are bulldozing the area . slow worms , snakes , frogs / toads hedgehogs.
What about the pollution it's going to generate . We have the big industrial unit just down the road and not to mention the insane amount of housing in the area with no new schools or doctors !! The traffic along Romsey Road is terrible now this is going to impact the local area massively!
What a disaster this is , why don't you start by looking into all the empty spaces in the local industrial areas and utilise these first !
