General
<p>I have studied the proposal for the draft local plan on Velmore Farm, Templars Way</p> <p>I have to say that this is an absolutely ridiculous propositio for a number of reasons some of which I have listed below.</p> <p>The proposed route off of this development by in excess of 2000 vehicles is onto Templars way which at certain times of day is gridlocked. If there is to be something of an employment site as well then this makes the proposal untenable.</p> <p>The area onto which the exit point would be is flooded for many days at a time even if raindoes not fall. This has become somewhat of a hazardous area whgich has been there for a number of years and together with the flooding which occurs just off of the roundabout in School lane which has occurred over many years has never been rectified, even after alleged remedial work is undertaken.</p> <p>I am a patient at a local surgery and I suffer the problems of trying to get an appointment in a reasonable time. The surgery is over suscribed with patients. There is another surgery locally an offshoot of Noerg Baddesley Surgery but that is never manned despite the promises that it would be. It is an abandoned building used for purposes other than a surgery the influx of some extra 2000 plus people will only make matters worse.</p> <p>As mentioned this is named velmore farm, what will happen to the green space in the area?</p> <p>Is this a breach of a Local Gap?</p>

For specific comments, please make it clear which paragraph, policy or matter your comments relate to where possible. Please use the box below.
