General

I would like to express my deep concern and opposition to the proposed development on Upton Lane, Nursling. Upton Lane is in a semi rural location, used by not only vehicles but cyclist walkers and horse riders. The increase in vehicles using the lane would be considerable and dangerous, especially that there is no 30mph speed limit in place. Located at the top of the lane is a wooded area inhabited by numerous species of wildlife including deer, kingfishers, a pond and bluebells, to see this habitat destroyed to make way for an industrial units would be barbaric, I think we have enough industrial estates in this area. The area in which the scheme is proposed is neither suitable or substantial enough to accomodate such plans.

For specific comments, please make it clear which paragraph, policy or matter your comments relate to where possible. Please use the box below.

If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording.
