We recently attended a meeting at Nursling Village Hall to look at the proposed development on the above names sites, front and rear of our property.

We feel that the development in a semi rural area would have a detrimental effect on the village location, We feel strongly this is eroding the green spaces which are so vital to the wildlife in this area.

We have lived here for over twenty years and the noise level from the motorway has increased significantly which must already increase the air pollution. We moved here because of the tranquility of the village and to get away from the level of noise in Southampton itself.

Regards, Grahame and Anne Guertin, [REDACTED]
