After scanning the subject document it is clear that TVBC is yet again using Andover (north of the A30) as the site(s) to meet TVBC housebuilding targets. A total of 3350 homes are to be built on 3 sites.

The proposals for the area south of the A30 show that only 1520 homes are to be built on 2 sites.

This is unacceptable and unsupportable for Andover and its residents. For many years TVBC has used Andover as a 'the' preferred housebuilding site without any consultation with Andover residents, or any supporting infrastructure improvements.

The statement that TVBC is 'acting at a local scale' in consultation with the community is false. This 2040 Plan is corrupt. The housebuilding sites should be based on need, and not the sites of 'least resistance'. The balance/requirement between the areas to the north and south of the A30 should be re-defined.

As an Andover resident I am appalled by the blatant discrimination shown by TVBC.

Allan Law
