Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I would like to object to the proposal to site an area for employment and a further 80 houses in nursling. The area earmarked is countryside and outside of the plan area. The infrastructure cannot cope with more. It is total gridlock in nursling for traffic now. We have no services. No Gp. One tiny convenience store. One bus service. A very already over subscribed primary school, no secondary. The lane proposed for access to the warehousing is tiny and unsuitable. Nursling is already one of the most densely populated areas of test valley and cannot take any more. Thousands of new houses have recently been added as well as two huge industrial parks. The significant light and noise pollution, plus loss of countryside and subsequent harm to the local area as well as harm to the mental health of existing residents is too much.
