My comments relate to the proposal for land at upton Lane SHELAA 395

1,change of rural landscape to an industrialised, car based suburb

2 serve lack of supporting infrastructure

3 destruction of woodland, hedgerow, and green space

4 creates unacceptable

Increase In pollution..air,noise, soil,vibration and light. Where are the professional reports on the impact of increased pollution to the residents.

5 this plan goes against encouraging sustainable communities and carbon neutral areas

6 the catastrophic effect on residents mental and physical health due to the points made above

7 what are the archaeological survey results. Have they been considered

8 facts on the consultation document are incorrect ie 8.5 hectares of land when infact it is 12.5. The parish boundary is incorrectly identified.

9 the plot area spreads into currently identified greens space.
