Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

The plan is going to cause more detriment impacts than positive - increased traffic, negative environmental impact, increased pollution/negative impact on health.

Funding should be spent on preserving existing infrastructure including protection against future flood risks given these are present in the medium term.
