I am very concerned about the proposed Velmore farm development. The main reasons for my concern:

- loss of green space and local gap between Valley park/ chilworth. This will impact on quality of life and community feel.
- significant traffic issues from the overdevelopment and strain on local services, eg gp and dentist. Already my husband is unable to register at the dentists due to lack of space.
- flooding issues are already particularly bad in this area.

The sheer scale of the proposed development is extremely concerning as will have a massive impact on local community. This area has already had significant recent development whilst other areas in the council have not.
