South Test Valley. Land at Upton Lane, Nursling for 80 homes and Land at Upton Lane, Nursling for employment sites.

We are very concerned at over development in our parish.

The proposed site is completely inappropriate. Upton Lane is a narrow country lane and not suitable for the huge amount of traffic that would be generated causing congestion as well as light, air and noise pollution.

There is a lack of infrastructure to support more housing with local schools, doctors and dentists already over subscribed.

We should be protection woodland not destroying it and the habitat to build yet more industrial units. There are a huge amount of warehouses and units already at Adnac Park and still more being constructed.

Nursling and Rownhams have had more than its fair share of development over the last few years and cannot take any more.
