Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

More houses planned for this area will cause a nightmare for all current residents. The traffic is already so busy and if more houses are built this will create constant traffic issues. Trying to walk my son to school is hard enough with the volume and especially Lorrys from the industrial part. The doctors and dentist surgeries are already full and so are the schools. The other massive issue is the conservation part, less green land area and the animals within this area will have no homes. This is a lovely area for bringing up a family as it stands right now but loads more houses will destroy such a nice community. Pollution will also increase causing more environmental issues. The drainage problem which is causing tremendous issues with flooding will only worsen due to more house which creates more drainage issues.
