We are concerned as local residents that one entrance to the housing estate is suggested off school Lane roundabout. This roundabout can already get quite congested and flooded at times.

We are concerned that it is already dangerous and difficult to pull out of Montgomery way onto Templars way and this will only make it more difficult. A roundabout will need to be put in place if the traffic flow was increased (two accidents have happened at this junction this year).

Consideration must also be taken to where the children will go to secondary school as there is no local bus to toynbee school and cycling with more traffic will be more dangerous for the children.

We see a lot of wildlife use the green space and so it will be a shame to see them moved on.
