Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I am deeply concerned about the proposed development for a number of reasons. These are:

This area already struggles with the amount of traffic on local roads during rush hour, let alone adding potentially 2000 more vehicles. These local roads are also used as diversion roads when accidents happen on the M3 and M27, causing huge numbers of additional vehicles.

The flooding we experience on School Lane and the roundabout is horrendous and causes much disruption, this will only get worse with the development removing the field area.

This is a lovely green space, that breaks the housing developments already in place. This new development would reduce the air quality in our area.

This would also cause the loss of habitat for a huge number of animals, including a beautiful herd of deer.

With a lack of amenities being built, the new residents will be needing to access already overstretched nhs services in Chandlers Ford and adding to the footfall of shoppers.

As a family, we are deeply opposed to this development.
