Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

We believe it is critical to maintain existing settlement boundaries around Fishlake Meadows Nature Reserve (FMNR) and the scenic canal path as outlined in current Local Plan and as proposed in the draft 2040 plan.

We believe that by doing so it would facilitate maintaining the open connections between FMNR and the surrounding countryside which is critical to attracting and maintaining diverse species and sustaining wildlife welfare.
