Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I have spent some time working through the Local Plan and supporting documents published on your website.

I have found it quite frustrating that the document titles on the website do not always match the titles of the downloaded document. It is also not clear from the main web page how all of the supporting documents link to the plan.

When you publish the next iteration can you please provide some sort of guide to help follow the plan.
