Q7

Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

1. Flooding - the surface water issue on School Lane and roundabout at end on Templars Way has never been resolved. Worse in the last few years. Will only be exacerbated by new housing on sloping land.
2. Problem of increased traffic. Already queues. Disruption of widening roads etc. Pressure on School Lane, Castle Lane.
3. Pressure on local surgeries, schools, play facilities, nurseries due to increase in population. No plan for increasing these provisions.
4. Loss of green space. More crucial to maintain than ever.
5. Plan overall lacks need for putting in place an overall infrastructure (especially services) before any development is considered.
