Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I would to appeal against the proposal.

There is not enough infrastructure in place as it is. Try getting a doctors or dental appointment now, near on impossible unless you can wait a month or more.

Adding extra housing to this bursting at seems area is totally ridiculous.

There is no public transport serving this area at present and the traffic especially at rush hour is diabolical.

With all the new build already taking and still taking place around this area, toot hill, redbridge, Hoe lane, Nursling industrial units and old Tyre place with planning for 38 houses is making Romsey Road become a car park at times on what was originally a free flowing road to and from Romsey.

There are no footpaths beyond Upton Lane, and will cause more pollution on a semi rural area, which is a reason we moved to this area some 10+ years ago, to get out of a concrete city.

There we be much more noise pollution and this area has a lot of retired people wanting peace and quiet not russle and bussle.

There is too much already is this area with not enough supporting infrastructure or roads to support.

Please reconsider building else where where there is room to also include schools doctors shops etc....
