## Q7

Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.\*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

General Concerns - Development for Ludgershall Area

Lack of Infrastructure - Developers promise much and fail to deliver by just building more lucrative homes - improvements to Infrastructure should come at the start of development not the end stages

Waste water Disposal must be high on the agenda how can there be a plan for development on this scale when Fullerton plant where the current waste for this area goes is over capacity, southern water having no plan for improvement before 2030 meaning untreated wastewater continues to be pumped at various locations into River Test chalk-stream causing pollution and public health worries for people and wildlife.

Poor road access meaning Increased traffic on already unsuitable poorly maintained roads

Lack of schools/nurseries

Insufficient GP Service /Pharmacies in Ludgershall, Tidworth and Andover

Public transport service lacking - There is a good service Andover to Salisbury but from outlying villages there is limited or non existent service to get to the A342 to get the bus

Insufficient Leisure Facilities - Tidworth Leisure Centre is primarily for use of the Military, opportunities for use by civilians is limited.

Risk of flooding as agricultural land is lost by too high a density of building.

Loss of wild life corridor
