### Q7

Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.\*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I appreciate the consultation and the thought given in preparing for development. I hope it will avoid the destruction of valuable buildings as happened in the earlier development. Added to that I think it is important for buffer zones to be adequate eg between Picket Twenty and Longparish, around historic Knights Enham and when the town centre plan is released to protect the historic area of the old town at the top of the High Street. With the new housing what efforts have been made to attract professional employees to the area? What higher education institutions have been approached? What incentives for higher tech to come to north Test Valley? Will present secondary schools be sufficient and hospitals and surgeries or do we export people to Winchester( who do not have room for us)?

Despite our present wet winter what studies have been made of the water requirements on the Test?
