Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I am against the proposals as I feel it will impact negatively on the local area. The adjacent roads are

already clogged and new housing will exacerbate the problems. The roundabout at Templars Way/

School Lane is frequently flooded and this problem will be made worse with run off from the new houses

and roads. The properties themselves could also be flooded.

How will the local infrastructure cope? Doctors , schools etc are already full.

I believe it will be damaging to the local environment
