Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

I wish to note my objection to the planned proposal at Upton, along the Romsey road that has been highlighted for industrial and potential housing development. The environmental impact to the existing fields and woods in an area already prone to flooding and the impact to wildlife in an already over developed area by 30% according to the Test Valley statistics. This will create additional traffic that is already used as a short cut from Lordshill to the M27. With traffic queues regularly experienced. The additional noise and pollution is a concern and the the anti social behaviour already being experienced on the Adanac industrial estate with car meets and little to no police presence. The planned housing will put additional strain on existing doctors and dentists, which are already at capacity in the area. The recent development of three housing estates has meant that the village is now a housing estate with a loss of character and neighbourhood feel. As mentioned the amount of development is already over the Governments own targets.
