## Q7

Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.\*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

My family and I, who (currently) happily live at 82 Ganger Farm Way, wholeheartedly reject the plans to build 340 homes at the South of Ganger Farm, East Romsey.

The above is predicated on the following:

1. We bought a premium house in a quiet location which we deemed safe for our children. The plans (if approved) will not only change the value and attractiveness of Ganger Farm, but it will become less safe for our two young children.
2. The current development was not built to be a main road leading to hundreds of homes. The width of the roads is too narrow and parking is already tricky - it will lead to a dangerous and frustrating situation with 340 more homes and 2000+ more vehicles moving.
3. Residents are already selling up and moving on from this development, we would join them if this proposed development gets authorised.
4. There are other non-green belt areas near by - such as Hilliers - to utilise and reach the test valley building goals without the need to build here.
