Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

Velmore Farm proposed development would  have significant negative impact on the valley park area and residents in a number of ways.

It will compromise the character &integrity of the Local Gap, reducing the green spaces, damage wildlife habitats and impact the biodiversity of the area.

Local  doctors, dentists in Chandlers Ford & North Baddesley are already under pressure caring for the current residents.  Schools are at capacity.

The impact  of the increased traffic will be detrimental.
The roads are regularly congested and when used as a diversion when there is an accident on the motorways become gridlocked.
Adding an additional 2000+ vehicles will certainly negatively impact this.  These occasions are getting sadly more often.

The local roads certainly around Templars way flood more regularly, removing more green areas will worsen abad situation.
