**Q7**

Insert any general comments that do not relate to a specific paragraph number or policy in the general comments box below.\*If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording. If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

Being a resident close to the proposed Velmore Farm development It would appear that not only does this proposal breach existing development guidelines but this development will generate chaos and overload existing facilities.

The Test Valley area covers some 240 sq. miles with plenty of open land where new housing can be situated and yet the planners are happy to inflict this absurd plan on the residents of an already congested area. There is adequate land elsewhere for housing development why not spread the housing requirement where the effect will not be as acute and existing development guide lines can be accommodated. Stop this sabotage now!!!
