### General

I would like to know what if any assessment has been made of the increase in road traffic there will be on the A342 following the development of 1500 houses adjacent to Ludgershall as planned in the new Local Plan? As this area has had significant development in recent years, and currently has a further large development underway this area will double its population in the Plan period to 2040. This will have a significant impact upon traffic levels on the A342 and the villages it passes through.  
Are any mitigations or improvements under consideration?
