Part B: Your Comments

Please use the boxes below to state your comments. This includes one box for general comments and another for specific comments related to an area of the Local Plan.

Insert any general comments you may have that do not relate to a specific paragraph number or policy in the general comments box below.

If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording.

If you are commenting on a document supporting the draft Local Plan (such as a topic paper, or the Sustainability Appraisal), please indicate so.

General
<p>Drainage in the Valley Park area.</p> <p>The existing area of Valley Park cannot cope with even rain at times. Roads in the area become flooded and paths become impassable unless you get your feet wet. With the increased runoff created by the new development this is only going to get worse.</p> <p>Examples are Castle Lane and the road to North Baddesley.</p> <p>Paths in the area of the Cleveland Bay pub, the school, the doctors and the dentists are regularly pebbled with deep puddles as the water has nowhere to go.</p> <p>The natural drainage through the local brook is insufficient for the existing area and by creating more concrete covered surfaces this will only be worse.</p> <p>Valley Park has been built for some time and when proposed it was noted that it was a flood plain and houses should not be built. This was overruled by the secretary of state at the time – Prescott. Time has shown that the area is a problem and it will only get worse for the local inhabitants if this development goes ahead. To date nothing has been done by the council has solved this problem.</p>

For specific comments, please make it clear which paragraph, policy or matter your comments relate to where possible. Please use the box below.

If you are suggesting a change is needed to the draft Local Plan or supporting document, it would be helpful if you could include suggested revised wording.
