General
<p><b>I object to the inclusion of Velmore Farm as it breaches the local green gap between Valley Park and Chilworth.</b></p> <p><b>It would allow the destruction of yet another working farm.</b></p> <p><b>Test valley has allowed and, no doubt, plans to allow many such applications when it is noteworthy that brownfield development is allowed to slide by without comment. An instance is the Whitbread site in Romsey that remains undeveloped while surrounding farmland is effectively trashed.</b></p> <p><b>This is lazy planning implementation as developers will always go for easy greenfield development if there is no will in Test Valley Council to oppose greenfield development thus enabling developers to pursue profit over responsible development.</b></p> <p><b>Food security, localism and environmental protection are not considered highly enough although national guidelines advise more consideration of such considerations.</b></p> <p><b>In the case of Velmore Farm, local sewage capacity is already under stress.</b></p> <p><b>Nearby roads are jammed, in particular Castle Lane. More homes will just make it worse.</b></p> <p><b>Also, planning seems to work on the premise that many 3,4 and 5 bedroom homes are given permission just to gain a few maisonettes and 2 bedroom properties that form the basis of actual critical local need. The phrase oft seen – ‘a percentage of affordable homes’ is meaningless to many desperate for a home.</b></p>

For specific comments, please make it clear which paragraph, policy or matter your comments relate to where possible. Please use the box below.
