Dear Sir/Madam

Below is my statement of comments with regard to the Local Plan in your subject.  
I have had computer problems and hope I am not too late for you to read my comments.

As a resident of some 26 years on the Knightwood estate, I strongly object to the proposed plan to build 1,400 on Velmore Farm. This is infringing on the local gap creating a huge impact on what is already very heavy traffic in this area. Flooding has increased ten fold not only this year but in previous years. The excess water on Templars Way and Castle Lane has resulted in the roundabout becoming near impossible to drive through. Which ever side of the road you are driving on your car is constantly submerged by the car on the opposite side of the road. This water is coming off the incline from this farm. Building that amount off housing is only going to increase the problem.

Another issue the infrastructure of the roads can not take the increase in traffic. Trying to drive anywhere around here from 3 o'clock onwards is a total nightmare.

Consultation with the residents of this area needs to be addressed. Councillors and any prospective builders need to walk around the area and see for themselves what a mistake it would be if the planning application is approved.

Building near or under the pylons is a very bad choice as they do cause people issues with health.

During COVID we walked the length and breadth of the green belt area, please do not take this away from people that rely on this area for our exerci

Regards  
Angela

Dear Sir/Madam

Please find in the above attachment my objections to the above proposed planning application.

Regards

Angela Alexander (MRS)
